Impact Fee	CREDIT		PAID	300.00
		Total:		**$300.00**

COMMENTS:

Note: All sewers must be inspected by City or County prior to backfilling. It is the Owner's and Plumber's responsibility to comply with the city's and County's call-in requirements for inspections. Please call 864-1066 for a City inspection and 868-4015 for a County inspection.

The location of the sewer lateral noted on this permit is based on the best information available. The Applicant is responsible for all costs associated with finding the lateral and connecting to the lateral. If the end of the lateral or tee is under pavement or sidewalk, the applicant is responsible for the cost of the street or sidewalk repair and will be required to pull an excavation permit by calling 864-1980.

***SPECIAL INSTRUCTIONS WHEN TAPPING SANITARY SEWER:**

1. TAPPING TO BE DONE BY LICENSED PLUMBER ONLY
2. DO NOT TAP ON CROWN OF PIPE. TAP MUST BE BETWEEN 1O AND 45 DEGREE ANGLE OFF CENTER OF PIPE.
3. If needed, plumbers may borrow a tapping tool for clay-lined pipes from sewer maintenance by calling 864-1923.
